"HM Durmitor" is the part of "The Hotel Management Aktiengesellschaft" that has been operating in Montenegro since 2004.

The main activities of the company are tourism and hospitality, agriculture and commerce. As part of HM Durmitor, there operate facilities: Hotel "Zabljak", restaurant "Momčilov grad", bungalows, farm and more office buildings in Zabljak.

"HM Durmitor" owns 350 ha meadows and pastures and has sheep farm with 700 breeding animals, located about 4 km from center of Žabljak. The farm is the largest sheep farm in Montenegro, and it is engaged in organic production. The certified products from this farm are: lamb meat and mutton, dairy products (``skorup``, low fat sheep cheese "Prljo" and special dairy product named ``saljevak``). The farm produces about 6 tonnes of sheep and lamb meat, about 1 tonne of skorup, 2 tonnes of cheese "Prljo" and 500 kg of dairy product "saljevak". This company has its own katuns Dobri Do, which is located in high mountain area of Durmitor, 20 km from Zabljak at about 1900 m of altitude. During summer (from middle of Jun to beginning of August) sheep flocks move from Zabljak area to Dobri Do. This aspect of livestock production in HM Durmitor is especially interesting for KATUN project.
